Deposit Rocket Inc Announces Home Deposits Now

ONTARIO, CANADA - We're excited to announce that [Deposit Rocket Inc](#) is branding its home buyers deposit program to [Home Deposits Now](#). This new brand and website aims to emphasize exactly what we do - provide a quick and simple solution to a stressful problem in the home buying process - the home deposit.

Home Deposits Now offers a revolutionary way of making an offer on your next home. By providing a Guarantee that works as a cash equivalent instead of a certified cheque, we help home buyers unlock their equity and secure their home deposit online. No banks, no stress, no waiting, your guarantee is emailed to your licensed realtor, instantly!

"Our innovative process allows the buyer to unlock their home equity instantly. The Guarantee stands in the place of a cash deposit until closing," said Deposit Rocket's CEO Don Miller. "They can also unlock equity in their liquid assets and can even access the home equity that exists in their parents' home.

We feel that homeownership is a critical part of the human experience. It brings dignity, stability, and peace to those who can access it. We partner with leaders in the real estate industry to help more people get into homes they love - without stressing about home deposit loans."

Our mission is to reduce costs and help the home buyer avoid the stress and complications of getting a deposit for their home purchase. By using a Home Deposits Guarantee our customers avoid having to obtain a certified cheque, a line of credit, or having to liquidate investments, borrow from family or friends, or use bridge financing. No more having to pay breakage or interest fees.

Not only is it fast and easy, it is also secure. Home Deposits Guarantees are backed by an 'A' rated licenced Canadian insurance company and are as secure for the Seller as a cash deposit/certified cheque.

Home Deposits Now offers a trusted and stress-free alternative to cash deposits by unlocking your equity for a quicker and easier home purchase.

Stay tuned for more exciting InsurTech innovations for renters and landlords.

Home Deposits Now is an all-new way of empowering home buyers to unlock their equity and secure deposits in minutes. A Home Deposits Guarantee replaces the traditional deposit cheque with a cash equivalent guarantee deposit bond, this means - no more loans, credit checks, no more hassle. A deposit solution that enables more people to obtain homeownership by using a vehicle that's been around for decades in other countries.
